

AG 5900 End of Life Notice

Effective date: January 31, 2025

Dear Nomadix customer,

This notice is to inform you that as of January 31, 2025, the Nomadix AG 5900 internet gateway has officially reached its End of Life (EoL).

This means that Nomadix will no longer provide software updates or maintenance including replacement hardware and will only offer limited technical support on a best effort basis for critical fixes.

We thank you for using our products over the years and encourage you to consider upgrading to the current [EG 6000 internet gateway](#) as a replacement.

To learn more about our current [Nomadix Gateways](#) or [Life Cycle Policy](#) you can visit our website at www.nomadix.com.

We appreciate your continued trust in Nomadix and our solutions.
